From the Desk of the President

Department store owner and philanthropist Henry Buhl, Jr. died June 11, 1927, and stated in his will was the creation of the first multipurpose foundation in Pittsburgh which, endowed with more than \$11 million at the time, made it then one of the ten largest such foundations in the country. Confident in his own charitable intent, Mr. Buhl created a Foundation that was free in vision and purpose, and structurally capable of adaptability and usefulness. Shortly thereafter, the President of the Carnegie Corporation referred to the Buhl Foundation as "a model for an endowment broadly conceived as to purpose, but with special reference to the needs of a given locality."

Over the ensuing decades, the Buhl Foundation has been blessed with leadership that has taken that responsibility seriously while exercising the adaptability so important to continued community impact. As the fortunes of Pittsburgh have ebbed and flowed over the decades, so too has the Buhl Foundation attempted to meet the changing needs of its residents. One such example is Buhl's focus on education which over time has evolved from funding research into the mysteries of the atom or the polio vaccine, to the post World War II endowing of college scholarships, to the funding of distance learning centers in the advent of the computer era, to most recently, a strong emphasis on K-12 education as urban schools face the challenge of educating an increasingly disadvantaged and minority population of students.

In a broader sense, the ability of the Foundation to maintain its philanthropic mission while adapting to changing times is most recently seen in the Foundation's commitment to the Northside of Pittsburgh. Following in-depth planning for more than two years, ably led by Vice President Diana Bucco, this past fiscal year has witnessed a concentration of Northside-focused, community-led funding. Some 50 grants, totaling more than \$3,500,000 were awarded, ranging from \$1 million for expansion of the Carnegie Science Center and \$500,000 for mini grants encouraging neighborhood and citizen participation to \$250,000 for the Food Bank and its community-wide feeding program for students and \$175,000 to United Way for a coordinated system of Northside afterschool activities. A host of smaller grants have aided everything from playgrounds and summer camps to technology

improvements and activities for underserved youth. Regardless of the amount of the grant,

each of our grants has been carefully considered in light of priorities established by

community planning efforts. In short, our funding supports the present day interests of the

very neighborhoods that meant so much to Henry Buhl, Jr.

As exciting as this first year of implementation for our new Northside strategy has been, we

understand the reality that it is but year one of a commitment that will play out well into

the next decade. Having said that, we are equally confident that the resourcefulness of the

Northside communities and the spirit that its residents bring to this endeavor ensures that it

will become a model for community revitalization. Our legacy continues as the face of

Pittsburgh changes in new and exciting ways.

MISSION

It is the mission of the Buhl Foundation to create community legacies by leveraging its resources to encourage people and organizations to dream, to innovate and to take action.

OBJECTIVES

Henry Buhl, Jr. built his fortune in the retail industry and created the Buhl Foundation, the first multi-purpose foundation in Pittsburgh, as a memorial to his beloved wife, Louise C. Buhl. Mr. Buhl directed the Foundation to be especially concerned with the "well-being of the citizens of the City of Pittsburgh, and the County of Allegheny." Remembering that Henry Buhl, Jr. lived and worked on the Northside of Pittsburgh, and knowing his love for Pittsburgh and its people, the Buhl Foundation has historically focused on four major areas:

- Education Initiatives that foster learning environments critical to building a knowledgeable and talented population
- Youth Development Projects that provide opportunities for our young people to thrive, to be safe and to live in a nurturing environment
- **Human Services** Strategies where our resources make a difference in addressing persistent community challenges or unmet needs of at-risk neighborhoods
- Economic and Community Development Efforts that encourage innovation and entrepreneurial solutions to improve quality of life

More recently, the Foundation has embarked on a revisioning effort to determine how these historic themes might be integrated into a more geographically focused effort on the Northside of Pittsburgh. In furtherance of that effort, Buhl has been engaged in an extensive planning effort with the Northside community to find consensus around key needs and the strategies to address them. The results of that undertaking will significantly impact Buhl's granting priorities over the next decade or longer. Until that process is complete, grantees and prospective grantees are encouraged to learn more about this undertaking by visiting www.onenorthsidepittsburgh.org or by contacting Buhl staff.

GUIDING PRINCIPLES

The Buhl Foundation's current aspirations are integrated into our long-standing mission, making it relevant to contemporary times.

Dream

• Because today's dreams become the realities of tomorrow, Mr. Buhl hoped the Foundation would be curious, accessible, unencumbered in vision and purpose, and structurally capable of adaptability and usefulness. We welcome discussion of wide ranging ideas and opportunities to make a difference.

• To advance its mission, the Foundation must do more than simply make grants. Acknowledging the finiteness of our resources, we seek to be informed by the community in order to best leverage our efforts and to be an active participant in finding solutions. We appreciate the need to give of our time and energy to help make dreams happen.

Innovate

- With a history of funding creative endeavors for nearly 90 years, the Foundation recognizes that any success is dependent on the vision and dedication of the many organizations that it is privileged to assist.
- The Foundation has been fortunate that great ideas and the leaders to implement them have emerged. We seek to partner with such leaders to stimulate and strengthen our community's ability to survive, adapt and thrive in a fast changing world. Our resources are focused on inventive and entrepreneurial solutions to expand tomorrow's possibilities.

Act

- The Foundation is often the first funder of a new idea, willing to venture when the possible benefits outweigh the attendant risks. We look for opportunities where a small amount of money wisely invested can lead to strategic action and improvements.
- In carrying out its mission the Foundation tries to find the balance between visibility and self-effacement; leadership and enablement.

AREAS OF GIVING

Buhl's giving has historically been focused in Southwestern Pennsylvania with an emphasis on Allegheny County and the City of Pittsburgh and most recently, a revisioned focus on the Northside. The Foundation looks to find opportunities that best leverage our dollars and contribute to the sustainability and vitality of the community. The mission, objectives and guiding principles of the Foundation have traditionally been focused on the following areas of giving:

• Education – Initiatives that foster learning environments critical to building a knowledgeable and talented population.

Education has always been a cornerstone of our giving. Over the course of the Foundation's existence, our educational giving has adapted to the changing needs of our community. Most recently, the Foundation's education giving has been directed primarily for the benefit of K-12 public schools with the goal that students graduate prepared to meet the challenges of the 21st century. Areas of interest have included initiatives that improve quality of instruction, advance the professional development of teachers, develop effective curriculum with a particular emphasis on science and math, integrate arts and culture into curriculum in partnership with community groups, support environments in which youth can learn, encourage community and higher education partnerships that further science, technology, engineering or math education (STEM), and intermediary organizations that improve school quality, governance, leadership and accountability.

In its earliest years, the Foundation invested heavily in academic research and, at various times in its history, has endowed professional chairs at Carnegie Mellon University, the University of Pittsburgh, Allegheny College and Carnegie Science Center. Later, during the period from 1930 to 1970, prior to widespread institutional or government funded scholarship programs, the Foundation provided more than one thousand scholarships to aspiring students. In the advent of the computer age, the Foundation invested heavily in library technology and university distance learning centers. As discussed further below, the Foundation is again revisiting its funding priorities with an eye toward the Northside.

• **Youth Development** —Projects that provide opportunities for our young people to thrive, to be safe and to live in a nurturing environment.

The Pittsburgh region that Mr. Buhl loved will thrive when young people are able to learn and to assume the responsibilities of civic participation and leadership. The Buhl Foundation looks for initiatives, particularly in disadvantaged communities, that support young people in out-of-school time activities that develop leadership, enhance learning, encourage community service, provide recreational enjoyment or prevent violence. These priorities are currently being evaluated with specific focus on the Northside of Pittsburgh.

• **Human Services** – Strategies where our resources make a difference in addressing persistent community challenges or unmet needs of at-risk neighborhoods.

The Foundation has funded efforts that support a thriving and diverse community, encourage citizen volunteers or improve access to services. Support has also been provided for special projects that improve the effectiveness of such organizations to reach out and meet these human service needs.

• **Economic and Community Development** – Efforts that encourage innovation and entrepreneurial solutions to improve the quality of life.

The Northside

Commencing in 2013, the Foundation embarked on a revisioning effort to determine how these historic themes might be integrated into a more geographically focused effort on the Northside of Pittsburgh. In furtherance of that effort, Buhl has been engaged in an extensive planning effort with the Northside community to find consensus around key needs and the strategies to address them. The results of that undertaking will significantly impact Buhl's granting priorities over the next decade or longer. Until that process is completed, grantees and prospective grantees are encouraged to learn more about this undertaking by visiting www.onenorthsidepittsburgh.org or by contacting Buhl staff.

Henry C. Frick Educational Fund

Grants are made from the Frick Fund with special concern for strengthening K-12 public school education. A sub fund of the Frick Fund, the Frick Teacher Alumnae Fund, supports efforts to improve the teaching profession and the effectiveness of teachers. These focus areas align well with the educational interests of the Buhl Foundation. Grant procedures for the Frick Fund are the same as the Buhl Foundation.

William and Elizabeth Rodger McCreery Memorial Fund

Grants are made from the McCreery Fund to nonprofits that focus on furthering musical education and music awareness for young people in the Pittsburgh region. Application procedures for the McCreery Fund are the same as the Buhl Foundation.

GRANT PROCEDURES

A written letter of inquiry, not to exceed three pages, should be sent to the President, to be followed by a formal proposal meeting Buhl guidelines, if invited. Electronic inquiries are not accepted.

Staff meets regularly to review letters of inquiry and either a phone call or a letter regarding the inquiry should be expected within 6 weeks, if not sooner. If taken under consideration, an inquiry may be acted upon immediately, followed by a request for a proposal or it may be allowed to percolate over time so as to evaluate its potential impact in relation to other funding options in the face of limited resources. Staff will often meet with potential applicants to discuss feasibility and may work with prospective grantees to develop a proposal that appears to have potential for community impact consistent with Buhl's giving priorities. Expression of interest in a proposal, or work with an applicant to assure best possible presentation, should not be construed as an indication of forthcoming grant approval.

If a proposal is invited, staff will work with the applicant to establish a specific time frame for submission of the proposal and consideration by the Board.

Interviews or site visits may be carried out by arrangement with the staff.

The Board of Directors of the Foundation usually meets five to six times a year to act on grant proposals.

When a grant has been awarded, the grantee and Foundation agree upon a schedule for grant payments. A report on program achievements, including accounting for dollars spent, is required at the conclusion of the program.

All letters of inquiry and proposals are reported to the Board of Directors.

PROPOSAL GUIDELINES

A formal proposal when invited should include all of the following:

- Cover Sheet from the Common Grant Application Format (<u>www.gwpa.org</u>)
- Mission of organization
- Short, concise information about the organization
- Purpose of grant request
 - o Amount requested/total project need
 - o Program description/need/schedule of implementation
 - Audience/population served
 - Impact
 - o Evaluation
 - o Collaborative partners
- Financials
 - o Income/expenditure current year and forecast
 - Budget for project
 - Other funders
 - Most recent audited financials
- Leadership/Board of Directors
- IRS Determination Letter

Applicants may also use the Common Grant Application Form available from Grantmakers of Western Pennsylvania at www.gwpa.org.

Proposals are limited to 10 typewritten, double spaced pages. The cover sheet, director lists, evidence of tax status and financial documentation can be attachments and are not included in the ten page limitation.

Independent Auditor's Report

Board of Directors The Buhl Foundation

We have audited the accompanying financial statements of The Buhl Foundation (Foundation), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Board of Directors
The Buhl Foundation
Independent Auditor's Report

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The statement of appropriations authorized and administrative expenses by fund on page 19 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

1. ORGANIZATION

The Buhl Foundation (Foundation) was established in 1927 by the will of Henry Buhl, Jr. The Henry C. Frick Educational Fund and the William and Elizabeth Rodgers McCreery Memorial Fund are operated as separate funds within the Foundation. The Foundation is governed by a Board of Directors (Board) consisting of five voting members. Appropriations are authorized by the Board to tax-exempt, nonprofit institutions for charitable, educational, and public uses and purposes for specific programs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. The Foundation's net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are reported as follows:

<u>Unrestricted Net Assets</u> - Net assets that are not subject to donor-imposed stipulations.

<u>Temporarily Restricted Net Assets</u> - Net assets whose use is limited by donor-imposed stipulations that either expire with the passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations. At June 30, 2015 and 2014, the Foundation had no temporarily restricted net assets.

<u>Permanently Restricted Net Assets</u> - Net assets whose use is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by the actions of the Foundation. At June 30, 2015 and 2014, the Foundation had no permanently restricted net assets.

Investments and Related Income

Investments are reported at fair values in the statements of financial position and changes in the fair values of such investments are included in net unrealized gain on investments in the statements of activities, as further described in Note 3. Realized gains or losses on these investments, if any, are reported separately in the statements of activities. Purchases and sales of investments are recorded on their trade date.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

Interest and dividends from investment securities are recorded when received. This investment income would not have a significant effect on the financial statements if it were to be recorded on the accrual basis. Distributions from private equity funds are recognized as income to the extent of the Foundation's share of undistributed income of such private equity funds. Management fees paid to private equity funds are included in partnership net gains/losses in the accompanying statements of activities.

Investments considered to be permanently impaired in value are written down to their fair value and the write-down is recorded as a realized loss on investments. Realized gains and losses on disposals of investments are determined by the specific identification method, except for mutual funds and certain equity investments for which the cost of shares sold is determined by the average cost method.

The Foundation's investments are exposed to various risks, including interest rate, currency, market, and credit. Due to these risks and the level of uncertainty related to changes in the value of individual investments, it is at least reasonably possible that significant changes can occur in fair value that may materially affect the amounts reported in the financial statements.

Cash and Cash Equivalents

The Foundation considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. The Foundation maintains its cash in bank accounts which, at times, may exceed federally insured limits. The Foundation does not believe it is exposed to any significant credit risk related to cash and equivalents.

Office Furniture and Equipment

The Foundation carries office furniture and equipment at cost. Depreciation is provided over estimated useful lives on the straight-line method. Maintenance and repairs are expensed as incurred. Expenditures, which significantly increase asset values or extend useful lives, are capitalized. When an asset is sold or retired, the cost and related accumulated depreciation are eliminated from the accounts and any resulting gain or loss is recognized in income. Depreciation expense for the years ended June 30, 2015 and 2014 was \$7,267 and \$7,980, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

Appropriations

The Foundation recognizes a liability and corresponding expense for unconditional appropriations in the amount expected to be paid when the Board approves appropriations. Such liabilities are not recorded at their present values using a discount rate commensurate with the risks included, because the present value is not materially less than the amounts expected to be paid. Conditional grants approved by the Board are recorded when the conditions are met.

Direct Charitable Expense

The Foundation performed various direct charitable activities during the year. Such included expenses related to building the consensus and engaging in community education in order to address employment, education, youth development and afterschool, parks, recreation, vacant lots, human services and affordable housing concerns on the Northside of Pittsburgh.

Direct charitable expenses included on the statement of activities include allocated salary and other employment costs totaling \$131,897 and \$93,203 in 2015 and 2014, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

	\$ 78,598,875	\$ 84,552,323	\$ 77,183,895	\$ 88,234,221		

Investments in the multi-asset fund accounts for approximately 41.8% and 41.5% of the fair value of the Foundation's investments at June 30, 2015 and 2014, respectively.

Determination of Fair Value

The Foundation reports investments at fair value in accordance with fair value accounting standards. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These standards require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, the organization reports hedge and private equity funds using the net asset value per share as determined by investment managers under the so-called "practical expedient." The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. Fair value measurement standards also require the organization to classify these financial

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

instruments into a three-level hierarchy, based upon priority of inputs to the valuation technique or in accordance with the net asset value practical expedient rule, which allow for either Level 2 or Level 3 reporting depending upon lock-up and notice periods associated with the underlying funds.

The Foundation presents their investments in a fair value hierarchy based on the inputs used to measure fair value. Investments whose values are based on quoted market prices in active markets are classified within Level 1. Investments determined by reference to quoted prices for similar investments in active markets are classified within Level 2. Investments classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all.

The following table summarizes investments by fair value measurement categories as of June 30, 2015:

At June 30, 2015 and 2014, Level 2 investments include the Foundation's funds held in The Investment Fund for Foundation (TIFF) multi-asset mutual fund.

The multi-asset mutual fund is reported at market value as of June 30, 2015 and 2014 based upon a daily NAV as calculated by TIFF Investment Program, Inc. The NAV is calculated as assets of the fund less the fund's liabilities. The shares reported by the Foundation are proportionate to the Foundation's relative capital contribution. Shares are redeemable upon request and are available the next business day; however, TIFF reserves the right to hold payment up to seven days. Currently, the Foundation has no intention of liquidating the TIFF multi-asset mutual funds held at June 30, 2015.

The TIFF multi-asset fund discloses the levels of the underlying investments reported in their unaudited semi-annual report as of June 30, 2015 as follows:

	Level 1	Level 2	Level 3
TIFF Multi - Asset Fund	51%	31%	18%

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

The TIFF multi-asset fund discloses the levels of the underlying investments reported in their unaudited semi-annual report as of June 30, 2014 as follows:

	Level 1	Level 2	Level 3
TIFF Multi - Asset Fund	68%	23%	9%

Level 3 investments held by the Foundation include hedge funds, private equity funds, and program-related investments.

At June 30, 2015 and 2014, the Foundation invested in hedge funds to further diversify its investment portfolio through various Hirtle Callaghan hedge funds. Investments in the hedge funds are speculative and involve risk. Risks arise from changes in the value of these funds and the potential inability to liquidate all or a portion of them in a timely manner. There are numerous factors that may significantly influence the market value of these funds, including interest rate volatility. These factors were considered by the Foundation prior to making this investment and it was determined the investment would be beneficial to leverage risk in other areas of the investment portfolio.

In addition, the Foundation invests in private equity funds that are also speculative and involve risks that would arise from changes in the value of these funds and the potential inability to liquidate all or a portion of them in a timely manner. Fair value of the private equity funds is determined by the fund manager, which generally represents the private equity fund's proportionate share of the net assets of the investee funds as reported. This amount is equal to the sum of capital accounts in the investment entities determined in accordance with accounting principles generally accepted in the United States of America or substantially similar accounting principles.

At June 30, 2015 and 2014, offshore hedge funds include investments in multifund pools that are commonly referred to as "fund of funds." The underlying hedge fund manager invests in marketable securities that trade in well-established and highly-liquid markets (stocks, bonds, futures, options, etc.). The objective of these investments is to realize long-term total return by investing in a diversified group of pooled investment vehicles. The offshore hedge funds are valued at fair value, which are the amounts reported in the statements of financial position, based on the net asset value per share of the fund at June 30th. The valuation of each fund is based upon the compilation of the prices from each underlying hedge fund administrator. Upon completion of the fund valuation, the Foundation's monthly individual investor valuations are based upon their ownership share of

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

each pool. Individual hedge funds typically have provisions in their partnership agreements that restrict investors from liquidating their investments for some period of time. After this "lock-up" period has been satisfied, these funds offer quarterly liquidity with advance notice (anywhere from 30 to 90 days). Liquidation is not expected in the near-term.

The Foundation's investment in private equity funds is valued at fair value, which are the amounts reported in the statements of financial position, based on the net asset value per share of the fund at June 30, 2015 and 2014. The valuation of each fund is based upon the compilation of the prices from each underlying private equity investment. For the limited partnerships, fair value is based on the best information available and is determined by reference to information including, but not limited to, the following: projected sales, net earnings, earnings before interest, taxes, depreciation and amortization, balance sheets, public or private transactions, valuations for publicly-traded comparable companies, and/or other measures, and consideration of any other pertinent information including the types of securities held and restrictions on disposition. Upon completion of the fund valuation, the Foundation's quarterly individual investor valuations are based upon their ownership share of each pool. Per the terms of the limited partnership agreements, the Foundation cannot withdraw funds or sell funds until the limited partnership liquidates. Capital calls and distributions occur upon the private equity fund management's determination. Liquidation is not expected in the near-term.

For Level 3 items, the Foundation's valuation is determined in good faith by the General Partner of the limited partnerships and hedge fund administrators as provided by the custodian and information from the limited partnerships, as they have no significant observable inputs. Quantitative unobservable inputs of Level 3 items are not developed by the Foundation for measuring fair value.

The Foundation's interest in program-related investments is further described in Note 5. The fair market value of program-related investments is determined based upon the funds granted, less any repayments or amounts forgiven.

^{* -} The Buhl Foundation has committed to € 1,000,000. For reporting purposes, investment is reported in U.S. dollars and will fluctuate according to the current quarter-end currency exchange rates.

5. PROGRAM-RELATED INVESTMENTS

Starting in 1996 through 2002, the Foundation disbursed \$500,000 for commitments to the Strategic Investment Fund Partners, a limited partnership between the Strategic Investment Fund, Inc. I, and the Allegheny Conference on Community Development. Thereafter, proceeds of the Strategic Investment Fund, Inc. I were reinvested in a subsequent Strategic Investment Fund, Inc. II. The Strategic Investment Fund, Inc. I was fully liquidated during 2015 and all remaining program related funds are invested in the Strategic Investment Fund, Inc. II. The purpose of the Funds is to provide private sector financing for projects that promote economic development and the creation of employment in the City of Pittsburgh and its environs. The balance of the Funds' program-related investment was \$497,382 and \$498,547 at June 30, 2015 and 2014, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2015 AND 2014

In fiscal year 2009, the Foundation distributed \$100,000 in the form of a low-interest loan to Hosanna House as a program-related investment that remains outstanding. Such loan was renewed during June 2013, at which point the Foundation excused the interest amounts due from Hosanna House.

During the 2015 fiscal year, the Foundation contributed \$300,000 to the Historic Deutschtown Development Corporation to complete the renovations and re-use of two historic properties at 431-433 East Ohio Street in Pittsburgh's North Side region. The Foundation's balance in such program-related investment was \$300,000 at June 30, 2015.

The Foundation has also recorded program-related investment income in the amount of \$7,638 and \$10,042 through June 30, 2015 and 2014, respectively.

6. ENDOWMENT ASSETS

The primary investment objective of the Foundation is to manage its investment portfolio so as to provide a permanent, reliable flow of funds to the grantmaking and operating budgets of the Foundation and to grow that flow of funds at least as rapidly as the rate of inflation in the cost of the goods and services used by the Foundation and its grantees. The Foundation's investment objective is achieved through a diversified asset allocation including growth/equity assets, hedging/yield assets, and operating assets. These assets include various bond, mutual, private equity, and off-shore hedge funds. The Foundation does not maintain a formal spending policy; however, they do approve, on an annual basis, the total budgeted grant expenses, which are based in part on the total return of the endowment investments.

The endowment assets used by the Foundation to provide income for the maintenance and granting activities is comprised of the various investments held by the Foundation. During 2015 and 2014, the Foundation had the following endowment-related activities:

8. Taxes

The Foundation is qualified as a private, non-operating foundation under Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income tax under Section 501(a) of the Internal Revenue Code. The Foundation is obligated to pay income taxes on its unrelated business income (as defined), if any. In addition to a federal excise tax on net investment income, private foundations are subject to tax on the amount by which their minimum investment return exceeds distributions.

The Foundation has not provided deferred excise or unrelated business income taxes in these financial statements with respect to tax effects on differences between the basis of assets and liabilities for financial reporting and tax purposes, due to the
