<sup>&</sup>lt;sup>1</sup> Appointed July 1, 2018

# From the Desk of the President July 1, 2018 – June 30, 2019

The Buhl Foundation has undergone a significant change shifting its resources toward a geographic focus on the Northside of Pittsburgh. From the first conversation with residents of the Northside, we understood that it is indeed a special place, and through support and partnership, the residents would drive the change they want in their lives and community. Equally as compelling was that recognition that this amazing community, through size, diversity, passion, and commitment, is uniquely poised to innovate change that will be a model for other communities.

After years of planning and building trust, we have settled on the One Northside Consensus plan, a comprehensive vision and strategy that will allow the quality of life for all Northside residents to improve. We fundamentally believe that the success of this approach is driven by change. Change at the resident and systems level. We also recognize that lasting change that takes time, which is why we have made a long-term (10 to 20 year) commitment to the Northside. We know that the hard work accomplished by Northside residents will demonstrate to our system partners a better way to work with existing resources to provide improved outcomes. We are grateful for the early signs of success demonstrated by improved student attendance in schools, lower crime in highly vunerable communities, and the strengthening of our early learning system.

While we have made a shift in Buhl's grantmaking, we remain true to the community that Mr. Buhl loved. Buhl's entrepreneurial approach is consistent with Mr. Buhl's values and the deep tradition that is the Foundation. The Board's bold shift to a strategic, focused grantmaking approach allows the Foundation to continue to play a historically significant role in Pittsburgh that remains true to Mr. Buhl's legacy. We are grateful for the critical partnerships we have built, for we know that success requires fellow collaborators and a community willing to embrace a new vision of insuring that all residents enjoy the many benefits of our changing economy and to creating a pathway that allows for equal access.

This bold approach would not exist were it not for a fearless Board who remains dedicated to preserving Mr. Buhl's legacy of innovation, and to the Buhl staff who are willing to engage with humility and compassion. I look forward to our continued progress in the coming year.

In service,

Diana A. Bucco President

### **MISSION**

It is the mission of the Buhl Foundation to create community legacies by leveraging its resources to encourage people and organizations to dream, to innovate and to take action.

### VISION

It was Mr. Buhl's desire that the Foundation be especially concerned with the "well-being of the citizens of the City of Pittsburgh, and the County of Allegheny." He gave the Board the freedom to distribute the Foundation resources in a way that was "responsive to the needs of the time" with particular focus on the community of Pittsburgh, creating the first multipurpose foundation in the city. These values remain constant in our vision for the Foundation.

### Leverage

We invest our human capital and financial resources with innovative methods and in strategic places.

### Catalyze

We embrace Henry Buhl, Jr.'s entrepreneurial mindset to develop transformational ideas and enact positive change.

### Connect

We are an effective convener of people and organizations, connecting ideas, opportunities and resources to inspire our community.

### **GUIDING PRINCIPLES**

The Buhl Foundation's current aspirations are integrated into our long-standing mission, making it relevant to contemporary times.

### Dream

Because today's dreams become the realities of tomorrow, Mr. Buhl hoped the
Foundation would be curious, accessible, unencumbered in vision and purpose, and
structurally capable of adaptability and usefulness. We welcome discussion of
wide ranging ideas and opportunities to make a difference.

• To advance its mission, the Foundation must do more than simply make grants. Acknowledging the finiteness of our resources, we seek to be informed by the community in order to best leverage our efforts and to be an active participant in finding solutions. We appreciate the need to give of our time and energy to help make dreams happen.

### Innovate

- With a history of funding creative endeavors for nearly 90 years, the Foundation recognizes that any success is dependent on the vision and dedication of the many organizations that it is privileged to assist.
- The Foundation has been fortunate that great ideas and the leaders to implement them have emerged. We seek to partner with such leaders to stimulate and strengthen our community's ability to survive, adapt and thrive in a fast changing world. Our resources are focused on inventive and entrepreneurial solutions to expand tomorrow's possibilities.

### Act

- The Foundation is often the first funder of a new idea, willing to venture when the possible benefits outweigh the attendant risks. We look for opportunities where a small amount of money wisely invested can lead to strategic action and improvements.
- In carrying out its mission the Foundation tries to find the balance between visibility and self-effacement; leadership and enablement.

### AREAS OF GIVING

Henry Buhl, Jr. built his fortune in the retail industry and created the Buhl Foundation, the first multi-purpose foundation in Pittsburgh, as a memorial to his beloved wife, Louise C. Buhl. Mr. Buhl directed the Foundation to be especially concerned with the "well-being of the citizens of the City of Pittsburgh, and the County of Allegheny." Remembering that Henry Buhl, Jr. lived and worked on the Northside of Pittsburgh, and knowing his love for Pittsburgh and its people, the Buhl Foundation has historically focused on four major areas: Education, Youth Development, Human Services, and Economic and Community Development. Although the Foundation has embarked on a place-based strategy on the Northside of Pittsburgh, it continues to find historic grantees focused on these priority areas and Buhl continues to look for opportunities to maintain this regional presence.

More recently, the Board of the Buhl Foundation has committed to a place-based strategy on Pittsburgh's Northside where the majority of funding will be directed for at least the next decade. One Northside is a resident driven initiative that catalyzes and supports long-term sustainable change for Pittsburgh's eighteen Northside neighborhoods that some 40,000 residents call home. Begun in 2014, One Northside is a long-term commitment to invest in the lives and futures of Northside residents and with particular emphasis on resourcing community members, young and old, to lead from within. In this strategy, Buhl is dedicated to working with and for the Northside community to improve upon and build the structure needed to connect residents and businesses to the resources that will create a thriving community. Working with thousands of Northside residents and community members, the One Northside strategy is grounded in five key pillars: Education, Employment, Place, Health and Safety. ### Henry C. Frick Educational Fund

Grants are made from the Frick Fund with special concern for strengthening K-12 public school education. A sub fund of the Frick Fund, the Frick Teacher Alumnae Fund, supports efforts to improve the teaching profession and the effectiveness of teachers. These focus areas align well with the educational interests of the Buhl Foundation. Grant procedures for the Frick Fund are the same as the Buhl Foundation.

### William and Elizabeth Rodger McCreery Memorial Fund

Grants are made from the McCreery Fund to nonprofits that focus on furthering musical education and music awareness for young people in the Pittsburgh region. Application procedures for the McCreery Fund are the same as the Buhl Foundation.

### **GRANT PROCEDURES**

A written letter of inquiry, not to exceed three pages, should be sent to the President, to be followed by a formal proposal meeting Buhl guidelines, if invited. Electronic inquiries are not accepted.

Staff meets regularly to review letters of inquiry and either a phone call or a letter regarding the inquiry should be expected within 6 weeks, if not sooner. If taken under consideration, an inquiry may be acted upon immediately, followed by a request for a proposal or it may be allowed to percolate over time so as to evaluate its potential impact in relation to other funding options in the face of limited resources. Staff will often meet with potential applicants to discuss feasibility and may work with prospective grantees to develop a proposal that appears to have potential for community impact consistent with Buhl's giving priorities. Expression of interest in a proposal, or work with an applicant to assure best possible presentation, should not be construed as an indication of forthcoming grant approval.

If a proposal is invited, staff will work with the applicant to establish a specific time frame for submission of the proposal and consideration by the Board.

Interviews or site visits may be carried out by arrangement with the staff.

The Board of Directors of the Foundation usually meets five to six times a year to act on grant proposals.

When a grant has been awarded, the grantee and Foundation agree upon a schedule for grant payments. A report on program achievements, including accounting for dollars spent, is required at the conclusion of the program.

All letters of inquiry and proposals are reported to the Board of Directors.

### PROPOSAL GUIDELINES

A formal proposal when invited should include all of the following:

- Cover Sheet from the Common Grant Application Format (<u>www.gwpa.org</u>)
- Mission of organization
- Short, concise information about the organization
- Purpose of grant request
  - o Amount requested/total project need
  - o Program description/need/schedule of implementation
  - Audience/population served
  - o Impact
  - Evaluation
  - Collaborative partners
- Financials
  - o Income/expenditure current year and forecast
  - Budget for project
  - Other funders
  - Most recent audited financials
- Leadership/Board of Directors
- IRS Determination Letter

Applicants may also use the Common Grant Application Form available from Grantmakers of Western Pennsylvania at <a href="www.gwpa.org">www.gwpa.org</a>.

Proposals are limited to 10 typewritten, double spaced pages. The cover sheet, director lists, evidence of tax status and financial documentation can be attachments and are not included in the ten page limitation.

### **Independent Auditor's Report**

Board of Directors
The Buhl Foundation

We have audited the accompanying financial statements of The Buhl Foundation (Foundation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related

statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors The Buhl Foundation Independent Auditor's Report Page 2

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As described in Note 2 to the financial statements, the Foundation adopted ASU 2016-14, "Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities," which amends the requirements for financial statements for nonprofit entities. The amendment changes how a nonprofit organization classifies its net assets and provides information in its financial statements and notes about its financial performance, cash flow, and liquidity, among other requirements. Our opinion is not modified with respect to this matter.

### Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The statement of appropriations authorized and administrative expenses by fund on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

### 1. Organization

The Buhl Foundation (Foundation) was established in 1927 by the will of Henry Buhl, Jr. The Henry C. Frick Educational Fund and the William and Elizabeth Rodgers McCreery Memorial Fund are operated as separate funds within the Foundation. The Foundation is governed by a Board of Directors (Board) consisting of seven voting members. Appropriations are authorized by the Board to tax-exempt, nonprofit institutions for charitable, educational, and public uses and purposes for specific programs.

### 2. Summary of Significant Accounting Policies

### **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting. The Foundation's net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are reported as follows:

### **Net Assets Without Donor Restrictions**

Net assets that are not subject to donor-imposed stipulations.

### Net Assets With Donor Restrictions

Time/Purpose Restrictions — Net assets that are subject to donor-imposed stipulations that may or will be met either by actions of the Foundation and/or the passage of time. When a restriction expires, net assets with donor restrictions with time/purpose restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. The Foundation does not currently have net assets with donor restrictions for time/purpose restrictions for the years ended June 30, 2019 and 2018.

**Perpetual in Nature** – Net assets that are subject to donor-imposed stipulations that must be maintained permanently by the Foundation. Generally, the donors of these assets permit the use of all or part of the income earned and capital gains, if any, on related investments for general or specific purposes. The Foundation does not currently have net assets with donor restrictions that are perpetual in nature for the years ended June 30, 2019 and 2018.

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

### Investments and Related Income

Investments are reported at fair values in the statements of financial position and changes in the fair values of such investments are included in net unrealized gain on investments in the statements of activities, as further described in Note 3. Realized gains or losses on these investments, if any, are reported separately in the statements of activities. Purchases and sales of investments are recorded on their trade date. Interest and dividends from investment securities are recorded when received. This investment income would not have a significant effect on the financial statements if it were to be recorded on the accrual basis.

Distributions from private equity funds are recognized as income to the extent of the Foundation's share of undistributed income of such private equity funds. Management fees paid to private equity funds are included in partnership net gains/losses in the accompanying statements of activities.

Investments considered to be permanently impaired in value are written down to their fair value and the write-down is recorded as a realized loss on investments. Realized gains and losses on disposals of investments are determined by the specific identification method, except for mutual funds and certain equity investments for which the cost of shares sold is determined by the average cost method.

The Foundation's investments are exposed to various risks, including interest rate, currency, market, and credit. Due to these risks and the level of uncertainty related to changes in the value of individual investments, it is at least reasonably possible that significant changes can occur in fair value that may materially affect the amounts reported in the financial statements.

In accordance with Internal Revenue Service regulations, the Foundation is generally required to distribute at least 5% of its investable assets each year. After considering the long-term expected return on its investment assets and the possible effect of inflation, the Foundation's Board of Trustees has established a policy of spending only the required 5% of investable assets annually. The Foundation expects that spending policy to allow its investments to grow at a nominal average rate of 3% annually, which is consistent with the Foundation's objective to maintain the purchasing power of the investment assets as well as to provide additional real growth through investment return.

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

The Foundation's investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Funds are invested in a well-diversified asset mix, which includes primarily equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 5%, while growing the funds if possible. Therefore, the Foundation expects its investment assets, over time, to produce an average rate of return of approximately 8% annually. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total investment portfolio; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

### Cash and Cash Equivalents

The Foundation considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. The Foundation maintains its cash in bank accounts which, at times, may exceed federally insured limits. The Foundation does not believe it is exposed to any significant credit risk related to cash and equivalents.

### Office Furniture and Equipment

The Foundation carries office furniture and equipment at cost. Depreciation is provided over estimated useful lives on the straight-line method. Maintenance and repairs are expensed as incurred. Expenditures, which significantly increase asset values or extend useful lives, are capitalized. When an asset is sold or retired, the cost and related accumulated depreciation are eliminated from the accounts and any resulting gain or loss is recognized in income. Depreciation expense for the years ended June 30, 2019 and 2018 was \$10,016 and \$10,506, respectively.

### **Appropriations**

The Foundation recognizes a liability and corresponding expense for unconditional appropriations in the amount expected to be paid when the Board approves appropriations. Such liabilities are not recorded at their present values using a discount rate commensurate with the risks included, because the present value is not materially less than the amounts expected to be paid. Conditional grants approved by the Board are recorded when the conditions are met.

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

### **Expense Allocation**

Expenses directly related to a specific program are charged to that program. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Allocation is based on the estimated time and effort spent related to each function.

### <u>Direct Charitable Expense</u>

The Foundation, through its regular staff and through a newly created position, the Henry Buhl Jr. Chair for Civic Leadership, performed various direct charitable activities during the year. Such included general community-wide charitable activities as well as activities related to building consensus and engaging in community education in order to address employment, education, health, safety, youth development and afterschool, parks, recreation, vacant lots, human services, and affordable housing concerns on the Northside of Pittsburgh.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

### Adopted Accounting Standards

The requirements of the following Financial Accounting Standards Board (FASB) standard were adopted for the financial statements:

For the year ended June 30, 2019, the Foundation adopted ASU 2016-14, "Not for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities," which aims to improve how a nonprofit organization classifies its net assets and provides information in its financial statements and notes about its financial performance, cash flow, and liquidity. The implementation of this standard was applied retrospectively to the comparative amounts presented for the year ended June 30, 2018.

### NOTES TO FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2019 AND 2018

Beginning net assets for 2019 and 2018 that were previously reported as unrestricted have been reflected as net assets without donor restrictions.

### **Pending Accounting Standards**

The FASB has issued standards that will become effective in future years as outlined below. Management has not yet determined the impact of these standards on the financial statements.

ASU 2016-02, "Leases (Topic 842)," is effective for the financial statements for the year ending June 30, 2022. This standard will require lessees to recognize assets and liabilities on the statement of financial position for the rights and obligations created by all leases with terms of more than twelve months. Disclosures also will be required by lessees to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

ASU 2018-08, "Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958)," is effective for the financial statements for the year ending June 30, 2021, as a resource provider. This standard provides guidance for characterizing grants and similar contracts with government agencies and others as reciprocal transactions (exchanges) or nonreciprocal transactions (contributions) and distinguishing between conditional and unconditional contributions.

ASU 2018-13, "Changes to the Disclosure Requirements for Fair Value Measurement (Topic 820)," is effective for the financial statements for the year ending June 30, 2021. This standard removes and modifies certain fair value hierarchy leveling disclosures.

### **Subsequent Events**

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

	\$ 81,789,748	\$ 85,537,587	\$ 81,075,195	\$ 86,042,966	

Investments in the multi-asset fund accounts for approximately 39.4% and 40.2% of the fair value of the Foundation's investments at June 30, 2019 and 2018, respectively.

### Determination of Fair Value

The Foundation reports investments at fair value in accordance with fair value accounting standards. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These standards require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, the organization reports hedge and private equity funds using the net asset value per share as determined by investment managers under the so-called "practical expedient." The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. Fair value measurement standards also require the organization to

### NOTES TO FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2019 AND 2018

classify these financial instruments into a three-level hierarchy, based upon priority of inputs to the valuation technique.

The Foundation presents their investments in a fair value hierarchy based on the inputs used to measure fair value. Investments whose values are based on quoted market prices in active markets are classified within Level 1. Investments determined by reference to quoted prices for similar investments in active markets are classified within Level 2. Investments classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all.

The following table summarizes investments by fair value measurement categories as of June 30, 2019:

Level 3 investments held by the Foundation include private equity funds and programrelated investments.

The Foundation's investment in private equity funds is valued at fair value, which are the amounts reported in the statements of financial position, based on the Foundation's capital account balance at June 30, 2019 and 2018. Fair value of the private equity funds is determined by the fund manager, which generally represents the private equity fund's proportionate share of the net assets of the investee funds as reported. This amount is equal to the sum of capital accounts in the investment entities determined in accordance with accounting principles generally accepted in the United States of America or substantially similar accounting principles. The valuation of each fund is based upon the compilation of the prices from each underlying private equity investment. For the limited partnerships, fair value is based on the best information available and is determined by reference to information including, but not limited to, the following: projected sales, net earnings, earnings before interest, taxes, depreciation and amortization, balance sheets, public or private transactions, valuations for publicly-traded comparable companies, and/or other measures, and consideration of any other pertinent information including the types of securities held and restrictions on disposition. Upon completion of the fund valuation, the

Foundation's quarterly individual investor valuations are based upon their ownership share of each pool. Per the terms of the limited partnership agreements, the Foundation cannot withdraw funds or sell funds until the limited partnership liquidates. Capital calls and distributions occur upon the private equity fund management's determination. Liquidation is not expected in the near-term. The Foundation's investment in private equity funds are speculative and involve risks that would arise from changes in the value of these funds and the potential inability to liquidate all or a portion of them in a timely manner.

For Level 3 items, the Foundation's valuation is determined in good faith by the General Partner of the limited partnerships, as they have no significant observable inputs. Quantitative unobservable inputs of Level 3 items are not developed by the Foundation for measuring fair value.

The Foundation's interest in program-related investments is further described in Note 5. The fair market value of program-related investments is determined based upon the funds granted, less any repayments or amounts forgiven.

At June 30, 2019 and 2018, investments reported at net asset value (NAV) include the Foundation's funds held in The Investment Fund for Foundation (TIFF) multi-asset mutual fund and hedge funds.

The multi-asset mutual fund is reported at fair value as of June 30, 2019 and 2018 based upon a daily NAV as calculated by TIFF Investment Program, Inc. The NAV is calculated as assets of the fund less the fund's liabilities. The shares reported by the Foundation are proportionate to the Foundation's relative capital contribution. Shares are redeemable upon request and are available the next business day; however, TIFF reserves the right to hold payment up to seven days. Currently, the Foundation has no intention of liquidating the TIFF multi-asset mutual funds held at June 30, 2019.

The TIFF multi-asset fund discloses the levels of the underlying investments reported in their unaudited semi-annual report as of June 30, 2019 as follows:

	Level 1	Level 2	Level 3	
TIFF Multi-Asset Fund	35%	52%	13%

### YEARS ENDED JUNE 30, 2019 AND 2018

The TIFF multi-asset fund discloses the levels of the underlying investments reported in their unaudited semi-annual report as of June 30, 2018 as follows:

At June 30, 2019 and 2018, the Foundation invested in hedge funds to further diversify its investment portfolio through a Hirtle Callaghan hedge fund. Investments in the hedge funds are speculative and involve risk. Risks arise from changes in the value of these funds and the potential inability to liquidate all or a portion of them in a timely manner. There are numerous factors that may significantly influence the market value of these funds, including interest rate volatility. These factors were considered by the Foundation prior to making this investment and it was determined the investment would be beneficial to leverage risk in other areas of the investment portfolio.

At June 30, 2019 or 2018, offshore hedge funds include investments in multi-fund pools that are commonly referred to as "fund of funds." The underlying hedge fund manager invests in marketable securities that trade in well-established and highly-liquid markets (stocks, bonds, futures, options, etc.). The objective of these investments is to realize long-term total return by investing in a diversified group of pooled investment vehicles. The offshore hedge funds are valued at fair value, which are the amounts reported in the statements of financial position, based on the net asset value per share of the fund at June 30<sup>th</sup>. The valuation of each fund is based upon the compilation of the prices from each underlying hedge fund administrator. Upon completion of the fund valuation, the Foundation's monthly individual investor valuations are based upon their ownership share of each pool. Individual hedge funds typically have provisions in their partnership agreements that restrict investors from liquidating their investments for some period of time. After this "lock-up" period has been satisfied, these funds offer quarterly liquidity with advance notice (anywhere from 30 to 90 days). Liquidation is not expected in the near-term.

### 5. Program-Related Investments

Starting in 1996 through 2002, the Foundation disbursed \$500,000 for commitments to the Strategic Investment Fund Partners, a limited partnership between the Strategic Investment Fund, Inc. I, and the Allegheny Conference on Community Development. Thereafter, proceeds of the Strategic Investment Fund, Inc. I were reinvested in a subsequent Strategic Investment Fund, Inc. II. The Strategic Investment Fund, Inc. I was fully liquidated during

2015 and all remaining program related funds are invested in the Strategic Investment Fund, Inc. II. The purpose of the Funds is to provide private sector financing for projects that promote economic development and the creation of employment in the City of Pittsburgh and its environs. The balance of the Funds' program-related investment was \$497,382 at June 30, 2019 and 2018.

In fiscal year 2009, the Foundation distributed \$100,000 in the form of a low-interest loan to Hosanna House as a program-related investment that remains outstanding. Such loan was renewed during June 2013, at which point the Foundation excused the interest amounts due from Hosanna House. During the year ending June 30, 2018, the Foundation approved converting this loan to a donor restricted grant and forgiving the interest.

During the 2015 fiscal year, the Foundation contributed \$300,000 to the Historic Deutschtown Development Corporation to complete the renovations and re-use of two historic properties at 431-433 East Ohio Street in Pittsburgh's North Side region. The Foundation's balance in such program-related investment was \$300,000 at June 30, 2019 and 2018.

The Foundation has also recorded program-related investment income in the amount of \$10,936 and \$7,619 through June 30, 2019 and 2018, respectively.

### 6. Endowment Assets

The primary investment objective of the Foundation is to manage its investment portfolio so as to provide a permanent, reliable flow of funds to the grantmaking and operating budgets of the Foundation and to grow that flow of funds at least as rapidly as the rate of inflation in the cost of the goods and services used by the Foundation and its grantees. The Foundation's investment objective is achieved through a diversified asset allocation including growth/equity assets, hedging/yield assets, and operating assets. These assets include various bond, mutual, private equity, and off-shore hedge funds. The Foundation does not maintain a formal spending policy; however, they do approve, on an annual basis, the total budgeted grant expenses, which are based in part on the total return of the endowment investments.

### 8. Taxes

The Foundation is qualified as a private, non-operating foundation under Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income tax under Section 501(a) of the Internal Revenue Code. The Foundation is obligated to pay income taxes on its unrelated business income (as defined), if any. In addition to a federal excise tax on net investment income, private foundations are subject to tax on the amount by which their minimum investment return exceeds distributions.

The Foundation has not provided deferred excise or unrelated business income taxes in these financial statements with respect to tax effects on differences between the basis of assets and liabilities for financial reporting and tax purposes, due to the insignificance of such deferred taxes relative to the financial statements as a whole. Further, the Foundation annually files a Form 990PF and a Form 990T.

### 9. Retirement Plans

The Foundation sponsors a defined contribution pension plan covering all eligible employees. Contributions are based on a percentage of each participant's compensation. Amounts charged to pension expense totaled \$104,046 and \$97,795 for the years ended June 30, 2019 and 2018, respectively.

The Foundation also sponsors a retirement plan under Section 403(b) of the Internal Revenue Code, which covers all eligible employees. The retirement plan is funded entirely with employee contributions.

### 10. Related Party Transactions

During 2019 and 2018, there were certain grant applicants with which Directors of the Foundation were affiliated. Pursuant to the practices of the Foundation, the related Directors abstained from voting in matters concerning affiliated applicants.

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

### 11. Liquidity and Availability

The Foundation manages its liquid resources by focusing on investment efforts, through an endowment fund, to ensure the entity has adequate investment returns to cover the grants that are being distributed and direct charitable efforts of the Foundation. In accordance with the Foundation's spending policy, as described in Note 2, they have established a policy of spending only the required 5% of investment assets annually. However, investments are available to be spent, if necessary. The Foundation prepares detailed budgets and has been very active in fiscal management to ensure the entity remains liquid.

Financial assets (cash, investments, accounts receivable) available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, total \$86,475,604 for the year ended June 30, 2019.
